

Cyber Security Workshop

at your campus by Industry Experts

Sir/Madam

We would like to propose an *Interactive Ethical Hacking* workshop at your esteemed college. We have wide range of experience in the field of cyber Security also we have organized these workshops in 300+ Colleges and to corporate all over the world.

This workshop can help the students to a great extent in respect of their doubts in their respective fields, as number of students is facing lots of problems in the field of Cyber Security. Also we are interested to share our knowledge in the area of Cyber crime as these days there are lots of cases of cyber frauds. We are quite sure that this interactive seminar would make the students aware in this particular segment and would enhance their existing skills more.

Our prime focus and expertise is on training Engineering students, graduates and corporate IT professionals for enhancing their skills to bring sustainable

Career growth and development in this highly globalized and information porous world.

We would like you to kindly give our proposal a series thought and give us the dates to conduct this event soon as possible, .

Army confirms attack by China hackers

After the National Security Advisor (NSA) H.R. Narayanan admitted that Chinese hackers had targeted Indian government websites, the Indian Army on Saturday (January 23) confirmed that they too were a victim of a cyber attack. Army sources told TIMES NOW that two years ago they suspected their computers had been hacked by the Chinese.
